MAPGALLERY

GITLAB

The screenshot shows the GitLab Explore page. At the top, there is a navigation bar with links for GitLab, Projects, Groups, Snippets, Help, Search, and Sign in / Register. Below the navigation bar, the page title is "Explore GitLab" with the subtitle "Discover projects, groups and snippets. Share your projects with others". There are three filtering options: Trending, Most stars, and All, with "All" selected. A search bar contains the query "webgis". To the right of the search bar is a dropdown menu set to "Last updated". A project card for "Baasgeo / mapgallery" is displayed. The card shows a profile picture with a letter "M", the project name "Baasgeo / mapgallery", a star rating of "★ 0", and a link to the project's description: "MapGallery is a straightforward webgis solution for interactive maps and location data viewing. It is designed with simplicity... updated just now". Overlaid on the bottom right of the page is a large green rectangular box containing the text "Doelstelling:" followed by "Nieuw", "Snel", and "Simpel" stacked vertically.
